

**Delegates to District Assembly
not included on
Certificate of Election Report**

Church: _____
Year-end Church Membership: _____
District: _____
Assembly Date: _____

Membership of the district assembly includes persons not listed on the **Certificate of Election** form. To assist us in anticipating delegates to the assembly from your church who are not listed on the Certificate of Election form, we are asking that you review *2005-2009 Manual, paragraph 201. Membership (page 107)*.

You will note that all assigned elders (senior pastors and elders serving as staff members), deacons serving as staff members, licensed ministers serving as staff members and all retired assigned ministers are included in this group. To determine if a retired elder in your congregation is a delegate, check the Role of Elders in the *District Journal*. All retired elders with the role code **RA** are members of the district assembly.

Please list all delegates to the district assembly from your church who are not listed on the **Certificate of Election**.
